## Careers In Construction Is Quail's Charitable Arm, Focusing On Workforce Development In Southwest Washington

**Careers in Construction Core Purpose:** Work with local schools to increase student participation, advance facilities, curriculum, and networking so that students can obtain quality jobs in the building industry upon graduation.

---

### Grade 13 Event

We're excited to share that tomorrow is our Grade 13 Event, a unique opportunity that connects the top high school construction students in Clark County with local employers who are actively hiring.

This is not your typical job fair — it's a targeted hiring event for the most driven and skilled construction students in our region. Selected for their strong work ethic, team skills, and consistent attendance, these students represent the best of the best from our local high schools.

It's a powerful moment where students finishing their 12th grade take the first steps into their professional journey — what we call Grade 13. Whether they plan to join the workforce directly, enter an apprenticeship, or attend trade school, this event is designed to launch them into the next chapter of their careers in construction.

#### **Why It Matters:**

Created by Careers in Construction Southwest Washington, this event bridges the gap between education and employment. It's a celebration of choice — where young people explore career paths aligned with their talents and goals, not limited by a one-size-fits-all approach to post-graduation plans.

Agenda and directions are below:

Agenda

Thank you to our local employers, educators, and community partners for supporting the next generation of builders in Southwest Washington.

We can't wait to see what opportunities tomorrow brings!
